## Benefits of Air Driven Turbo Brushes

Requires no electricity to operate. Since a vacuum cleaner is powered by air flow movement, these turbo head accessories, which are powered by air driven spinning brushes, give you extra lift power for vacuuming rugs and carpet.

The hand turbobrush is recommended for effective cleaning of stairs, narrow spaces, and upholstery.

The TurboCat® Zoom is engineered features a sleek new profile and brilliant color. There's never been a quieter, more powerful turbine powerhead. Remove embedded dirt and dust more effectively while easily maneuvering the lightweight TurboCat Zoom.
